

As a matter of introduction, I am Ron Ronconi, CSI, AIA; your new Chapter President. For you that don't know, I am a retired founding partner of CAS Architects and decided it was time for me to give something back to CSI and the profession. I want to thank you now for all the support/encouragement you have given me and will continue to give for the coming year.

Upcoming Events: The board is scheduling our annual long range/strategic planning meeting in mid-July and I want to encourage anyone with ideas/opinions about what the chapter goals should be in the coming year plan to attend. Once the date is set we will send out and invite to our chapter members. Two critical items that need attention are energetic attention to boost chapter membership & meeting attendance and development of a student scholarship program & creative funding concepts.

Opportunities: The chapter and I am in need of a vice president and a couple key committee leaders, please contact me if you can spare some time to help us out or if you know of someone that we could contact to discuss potential involvement. I am looking forward to a productive year for SCVCSI and your continued support of our organization.
